

iPhone 5 dropped in water and I turned it on to see if it still worked

My iPhone 5 dropped in the toilet for like 10 seconds and when I grabbed it out I turned it on to see if it worked then it turned off completely.

Written By: Simon

INTRODUCTION

My iPhone 5 dropped in the toilet and a i tried turning it on, is there something I can do or is it too late? Do I need a to replace my battery? Cause I felt a bit of water in the battery and ever since I it turned off it hasnt turned on for like a month or 2. What can I do ? Or is it TOO LATE?

Step 1 — iPhone 5 dropped in water and I turned it on to see if it still worked

- Insert wisdom here.

To reassemble your device, follow these instructions in reverse order.
